2008 Sydney Craft Shows

After the wonderful response to the ASG stand at the Stitches and Craft Show at Rosehill in August, it's time to put on your thinking caps for next year.

The theme is **“Volcanic Variegations”-a diversity of colour.**

Think colour: Colours can include red, orange, black, and gold, silver.

Think texture: bubbling lava, flowing rivers of lava. rocks

We are not looking for volcanoes but garments, home dec items, accessories inspired by the theme.

If you want to run any ideas past me feel free and I look forward to seeing what you can come up with.

Timing: the February stitches and craft show has been cancelled, but in March there is a show in Newcastle which the Hunter Valley Region is organising and they have asked for items to display.

Darling Harbour - June 2008

Rosehill – August 2008
